Total: 1.2M tonnes CO2e

* Data using the market-based scope 2 emissions

In FY22, two businesses have exceeded the 60% reduction goal:

- News UK (92%)
- NY Post (64%)

Two other businesses, Corporate and News Corp Australia, are over the 50% reduction level.

Globally, News Corp has reached 52% reduction in FY22 vs the base year FY16.

* Note: REA and Realtor.com (Move) are showing increases due to large business expansions since base year FY16

News Corp operates in almost 40 countries yet nearly 100% of its Scope 1, 2 and 3 emissions come from 3 markets:

US: 53%

UK: 27%

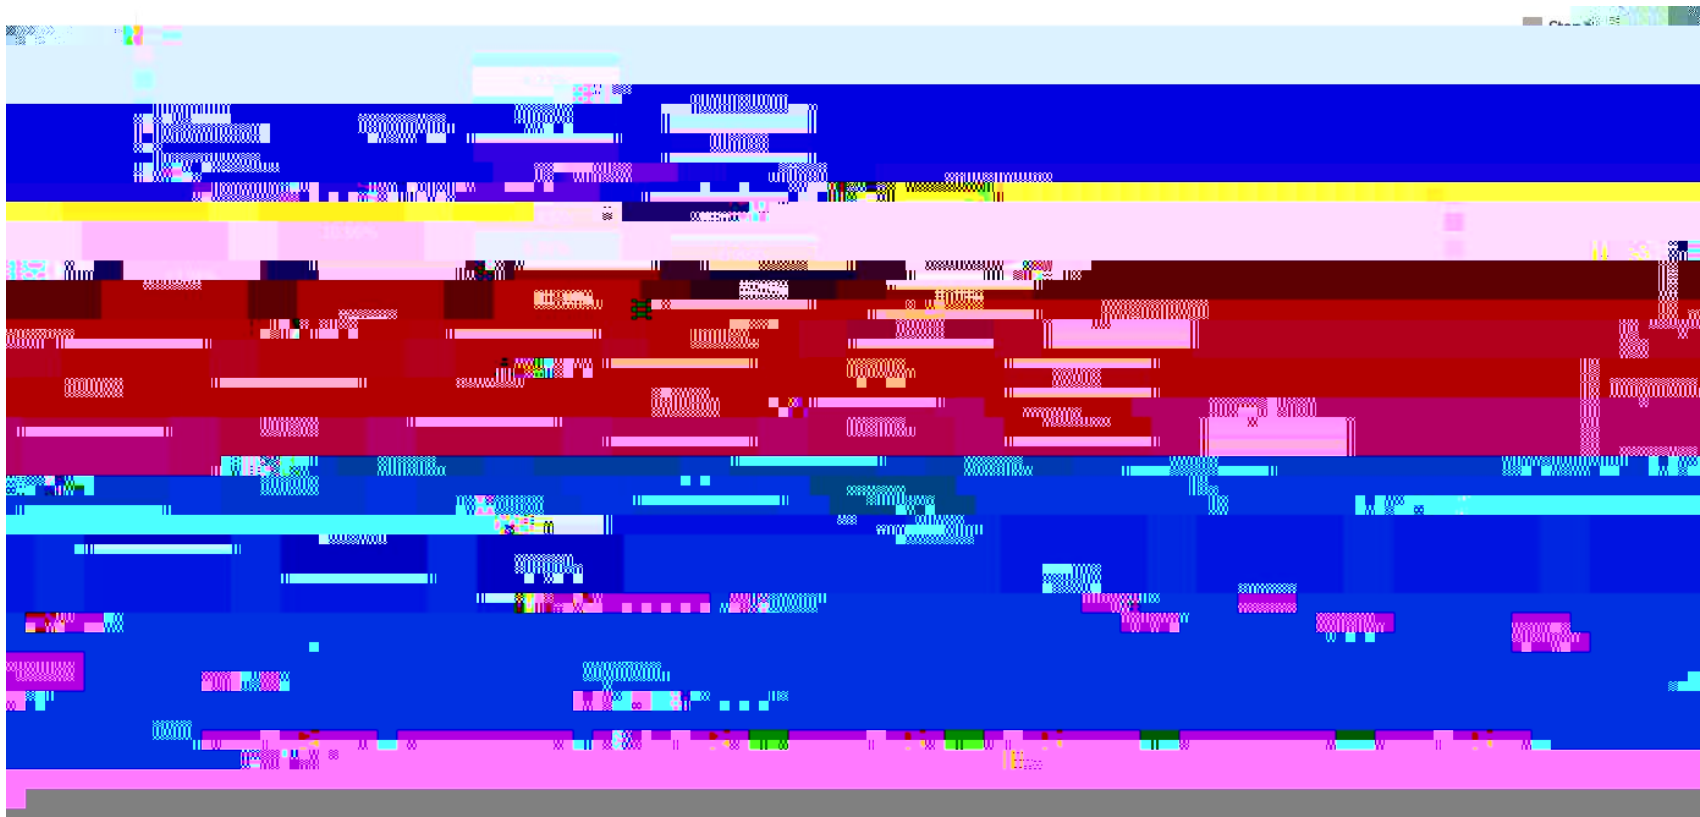

Australia: 20%

Scope 2 emissions depend on both the quantity and type of energy

Carbon Footprint - Scopes 1 + 2 By Business

NC Australia, Foxtel and Dow Jones make up 81% of our operational carbon footprint in FY22.
52% reduction from our base year FY16 – on track to exceed our 60% target in FY23 – 7 years early.

CDP Supply Chain 2022

News Corp requested 133 major suppliers to report their GHG data to the CDP in 2022. Of those requested, 58 suppliers (44%) submitted their data to the CDP.

The chart on the right summarizes the key stats on our suppliers who submitted data to the CDP (the bracketed numbers are the average CDP SC member percentages).

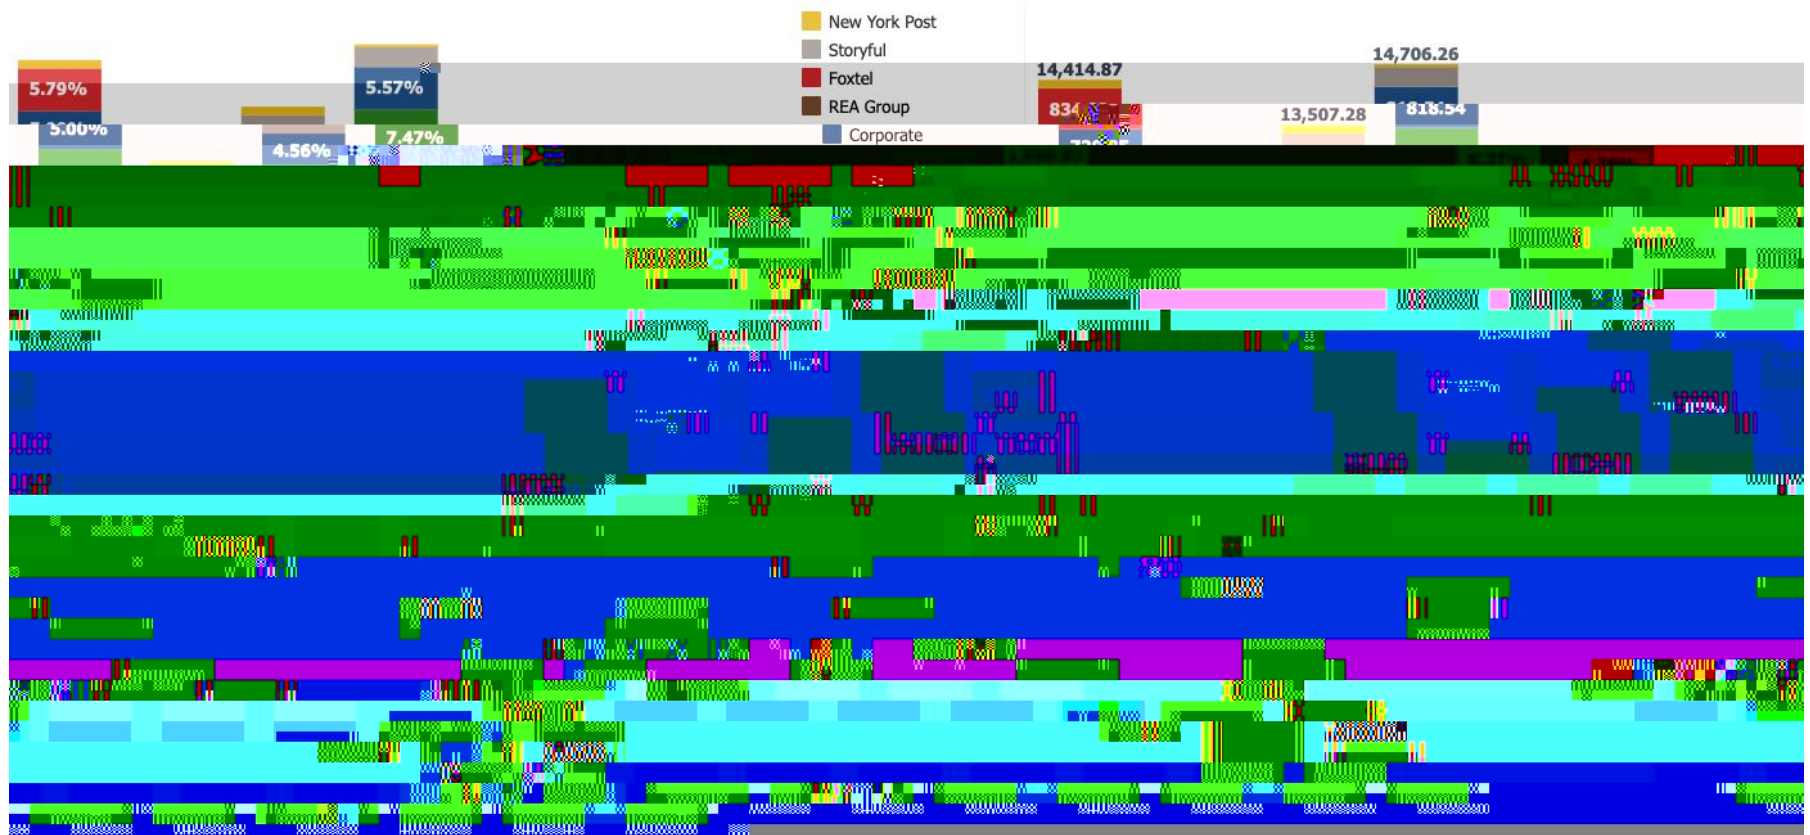

Four businesses – News UK, HarperCollins, Corporate and NC Australia – make up 77% of our

Cventure GHG Emissions Verification Statement FY2022

Reporting Entity:	News Corp	Contact: Paul Jakubski
Lead Verifier:	Kevin L. Johnson, Cventure LLC	<i>Kevin L. Johnson</i>

Emissions Inventory:

Global, corporate-wide FY2022 (July 1, 2021 - June 30, 2022) GHG emissions inventory verification covering: Scope 1 direct emissions from fuel combustion, mobile sources, and refrigerant losses; Scope 2 emissions from imported electricity and steam; and Scope 3 emissions associated with employee business air travel. Boundaries include wholly owned business entities and owned/leased f
